Remelmeyer to Lead Red Cross Fund Campaign Here

Stanley F. Remelmeyer, Torrance city attorney, will lead the American Red Cross fund-raising appeal in Torrance in 1959. Remelmeyer's appointment as fund chairman was announced this week by Ivar O. Hanson, president of the Rancho Palos Verdes Corporation, who is serving as the 1959 fund chairman for the Southern Region of the Los Angeles Red Cross chapter.

Remelmeyer served as vice-chairman and chairman of the Torrance-Lomita Red Cross branch.

In accepting the chairmanship of the Fund campaign, he said that this experience had given him a keen realization of the organizations need for added financial support and that he intends to proceed immediately with the organization of top leadership in Torrance, to insure a swift and efficient campaign in March.

He has already enlisted the services of Mrs. John Mangan as residential chairman and said that he expects to recruit volunteer workers from the various service clubs in Torrance to help in the business and commerce and industry divisions.

BIR Briefing Session Slated

The first briefing session for firms participating in the Second Annual Business Industry Education Day will be held at 3:45 p.m. on Jan. 29, in the City Council Chambers of the Torrance City Hall, according to Fred Brunner, Chairman of the sponsoring Education Committee of the Torrance Chamber of Commerce.

Brunner said over 1000 educators will be hosted in the day-long event slated for March 17. The increase, Brunner added, is due to the inclusion this year of all of the Torrance Parochial Schools.

Members of Brunner's Committee include Robert J. Gant, M.D.; W. J. Hanson; Lyle R. Albro; Glenn Koger; R. L. "Dick" Herbert; Ralph Morris; Don Cortum, D. O.; R. Peter Bendorf; L. A. Schleissner, M. D.; and L. Milton Isbell.

A Dramatic Advance in EYE SAFETY for Workers

Eye damage from shattering glass is a hazard for thousands of shop workers and others who require vision correction on the job. But now a dramatic advance in eye safety has been made by the development of a crystal clear, UNBREAKABLE plastic that can be made in nearly any kind of prescription for eyeglasses, including bifocals. This remarkable new plastic is less than half as heavy as glass lenses, and it thus combines approved vision correction, safety and comfort.

WORKERS IN EYE HAZARDOUS TRADES and parents of rough and tumble youngsters should investigate the possibilities of these new plastic lenses. Not expensive; easy terms. Come in for a demonstration.
